

Wrotham Careers Visitors' Information

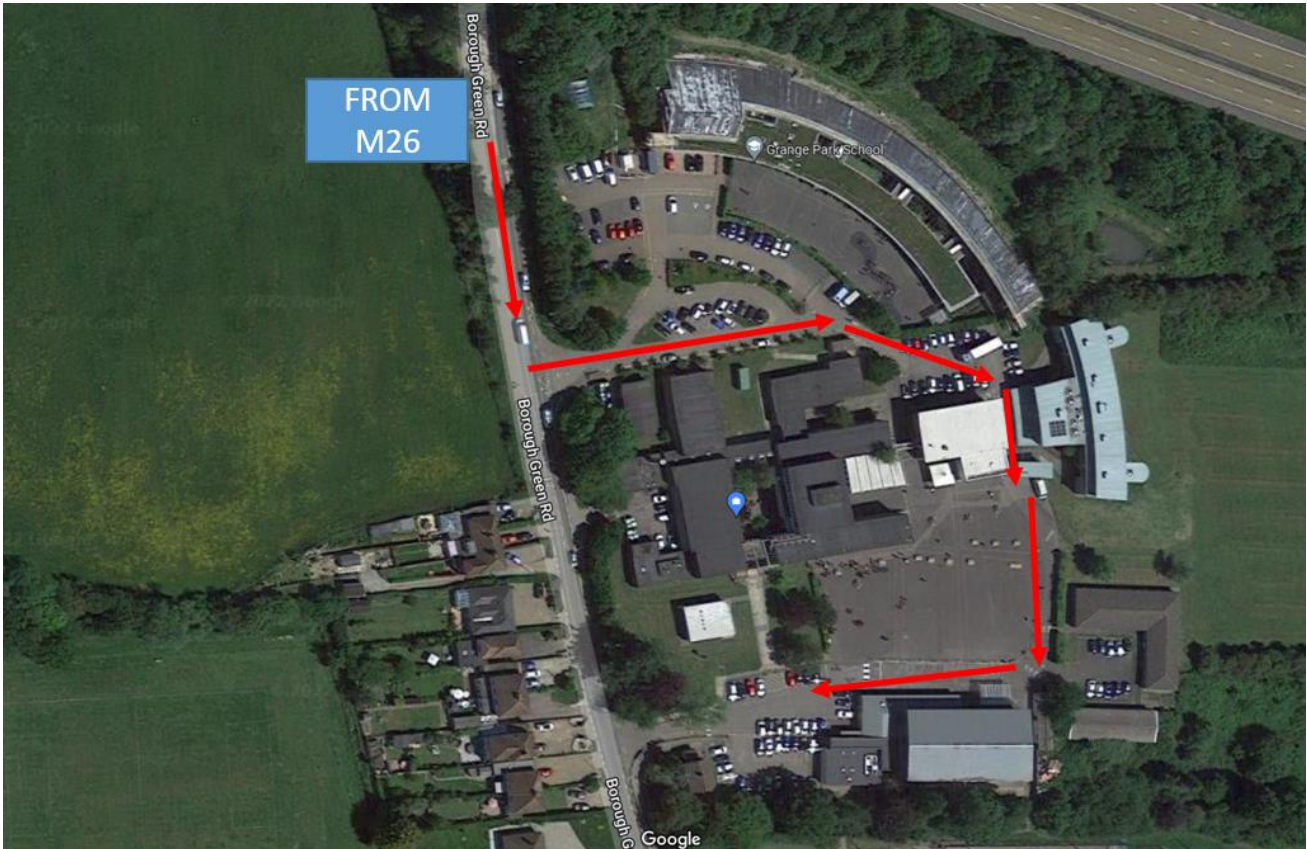

Practicalities

The address of the school is at the top of this page. We are five minutes from **Junction 2a on the M26**. Please be aware that some satnavs will take you past this junction – if that happens, you will have a 30 minute round trip to get back to us, so please check your route before you leave!

Parking

You will have space on site, but spaces are in high demand. Please be aware that there is a one way system in place that will take you through the rear car park at the Grange Park school entrance. Our school day starts at 8.30 and first lesson is at 9am, so there may be students crossing/arriving at the same time as you – please drive slowly and park where you are directed. **Please report to reception** and you will also be asked for your car registration number on signing in. **Please try to car share if you can.**

This is what the entrance looks like if you are travelling from the M26
