1. Purpose and Scope

This policy sets expectations for acceptable use of Artificial Intelligence (AI) by students and staff and outlines procedures for preventing, identifying, and responding to AI-related malpractice. It is designed to:

- Uphold the integrity of all internal and external assessments.
- Educate the school community on responsible AI use.
- Comply with JCQ's 2025 Al guidance.

Applies to all students and staff involved in assessments, including coursework, NEAs, and controlled conditions.

2. Definitions

- **Acceptable AI Use**: Grammar checks, brainstorming, or research assistance, **only** where permitted by awarding bodies.
- **Unacceptable AI Use**: Submitting AI-generated work as original, failing to acknowledge AI use, or using AI during controlled conditions.
- Acknowledged Use: Naming the AI tool, date of use, and including original prompts/outputs used.

3. Student Guidelines for AI Use

Permitted:

- Brainstorming or planning ideas, if allowed.
- Grammar and structural improvement (if permitted).

Prohibited:

- Submitting Al-generated work as your own.
- Copy/pasting Al-generated essays, code, or content.
- Using AI during exams or controlled assessments (unless authorised).

Student Responsibilities:

- Be transparent about AI use.
- Sign declarations of authenticity honestly.
- Keep non-editable records of AI outputs (e.g. screenshots).

Failure to comply may result in disqualification or sanctions.

4. Staff Responsibilities and Training

Responsibilities:

- Ensure submitted work is authentic.
- Discuss assessment expectations with students.
- Investigate suspected AI misuse.

Training Includes:

- Recognising Al-generated work.
- Using detection tools like Turnitin AI reports.
- How to discuss concerns with students.

5. Procedures for Al Misuse

Reporting and Investigation:

- 1. Concern raised (by teacher or software).
- 2. Evidence collected (drafts, prompts, etc.).
- 3. Student meets with staff for clarification.
- 4. If misuse is confirmed, sanctions applied:
 - o Redo work.
 - Internal disciplinary action.
 - Referral to awarding body (if external assessment).
- 5. Incident logged and monitored by SLT and reported to exams officer and Head of Centre)

No declaration of authenticity should be signed until resolved.

6. Access and Security in Assessments

Device Protocol:

- Devices checked before use.
- Internet/AI access disabled unless explicitly permitted.

Supervision:

- Invigilators ensure AI tools are not accessed.
- Any breach is reported and recorded.

7. Parent/Carer Communication

Sample Letter:

Dear Parent/Carer,

We are writing to inform you about our policy on the use of Artificial Intelligence (AI) in student assessments. While AI can be a helpful tool, using it improperly — such as submitting AI-generated content as original work — is malpractice and may lead to disqualification.

Please encourage your child to:

• Use AI tools only with teacher permission.

- Never submit Al-generated content without acknowledgment.
- Take declarations of authenticity seriously.

Thank you for supporting academic honesty.

Sincerely, Mr M Cater Wrotham School

8. Staff Guide to Identifying AI-Generated Work

Indicators of AI Use:

- Lack of student voice; overly generic or robotic.
- Advanced content inconsistent with prior work.
- Absence of drafts or planning evidence.
- Formulaic structure or phrases typical of AI.

Suggested Steps:

- 1. Ask for drafts or explainers.
- 2. Discuss the work with the student.
- 3. Compare with past work.
- 4. Raise concerns with SLT if unsure.

Tools:

- Al detection software.
- Familiarity with student writing style.

9. Review and Updates

This policy will be reviewed annually or in response to updated JCQ guidance, regulatory changes, or technological advancements.
